Welcome to Trace Electrical Limited. We have over 30 years experience of the electrical industry.

- We adopt a proactive approach with an efficient service, providing best advice, practice and products.
- Our priority is to protect every customer and their staff from the dangers of electricity.
- Our ethos is to provide an unsurpassable benchmark accompanied by a proficient, competent and affordable service.

The electrical sector is now the most regulated in the U.K and can be very daunting and confusing. Our aim is to clarify the bewildering regulations for our clients in a clear and understandable manner.

For any further information on any of our services please visit our **NEW** website.

COMMERCIAL, INDUSTRIAL & DOMESTIC NEW BUILDS

Trace Electrical are confident that our extensive new build package is the best on the market. We “go that extra mile” to ensure that our clients receive the best service and products possible at the best price. We adopt a universal approach no matter what the project, industrial, commercial or a residential housing project.

Trace Electrical offer unique packages to all of our customers.

So what do we offer that others do not....

- We assign a project manager to every tender who can be contacted directly and can answer any queries.
- We visit the site prior to submitting any tenders, to ensure that no problems will occur and that nothing has been overlooked.
- We liaise with the quantity surveyor and architect to ensure all specifications are correct prior to tender.
- We submit a comprehensive tender that includes,
 - Query list, Method Statements, Risk Assessments, Bill of Quantities, Quality Management Systems, Lump Sum Quotation, Schedule of Works Payment schedule, and Costings of additional Extras.

- Upon acceptance of tender we provide an exact bill of quantities in the form of an excel spreadsheet, that includes breakdown of prices, every product required, cable lengths and much more.
- We employ an independent Health and Safety Consultant qualified to the highest standard, who visits site at regular intervals.
- We liaise constantly with clients and site supervisors throughout the project.
- We deliver works that are of the highest standard and guarantee that we as electrical contractors will not cause any delays.

We know that once you have experienced our exceptional new build service you will not use any other electrical contractor. So for peace of mind and a quality service employ Trace Electrical and you would let us do the hard work for you.

Please look at our unique product information. We know you will not find equivalent or better.
